Hamilton Crane Training Schools

Hamilton Crane Training Schools - We have designed many Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the skilled operator who needs certification or re-certification, and for inexperienced operator who is searching for a job in the business. Crane operator positions are high due to their high rates of pay. Crane operators are amongst the highest paid of any operator of heavy machinery.

Our Crane Training Schools feature training and instruction for various mobile cranes. Course content comprises Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging.

The Crane Training School program is suitable for supervisors, operators and riggers. Course materials comprise a manual and informative hand-outs. The safety manual that is illustrated consists of 100 to 250 pages, depending on the course, of vital and useful material. Course materials comprise load exercises and load charts for the crane with which the trainee is working.

More than half of the course includes Hands-On Safety Training. Practical training is useful for increasing and developing personnel skills levels. Just certified journeyman crane instructors are chosen to teach the courses. Our instructors have many years of industry experience.

Optional testing mechanisms are provided for all of our courses. Students will normally write tests both before and after training. A test for skills is normally administered for programs that include H.O.S.T. Individuals training would be tested and graded.

Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Training and Certification; Certification & Testing; and In-The-Seat Training.

Business standards of practice are changing as new industry requirements emerge. There are continual updates to legislation and regulations. Enhancements in equipment and technology continue to be made. Industry data analysis and collection identify trends which are changing. Members maintain the privilege of managing their certifications and training programs. Mobile device alerts keep members ahead of workplace and personal safety news.
